

MULTIPLY POSSIBILITY:

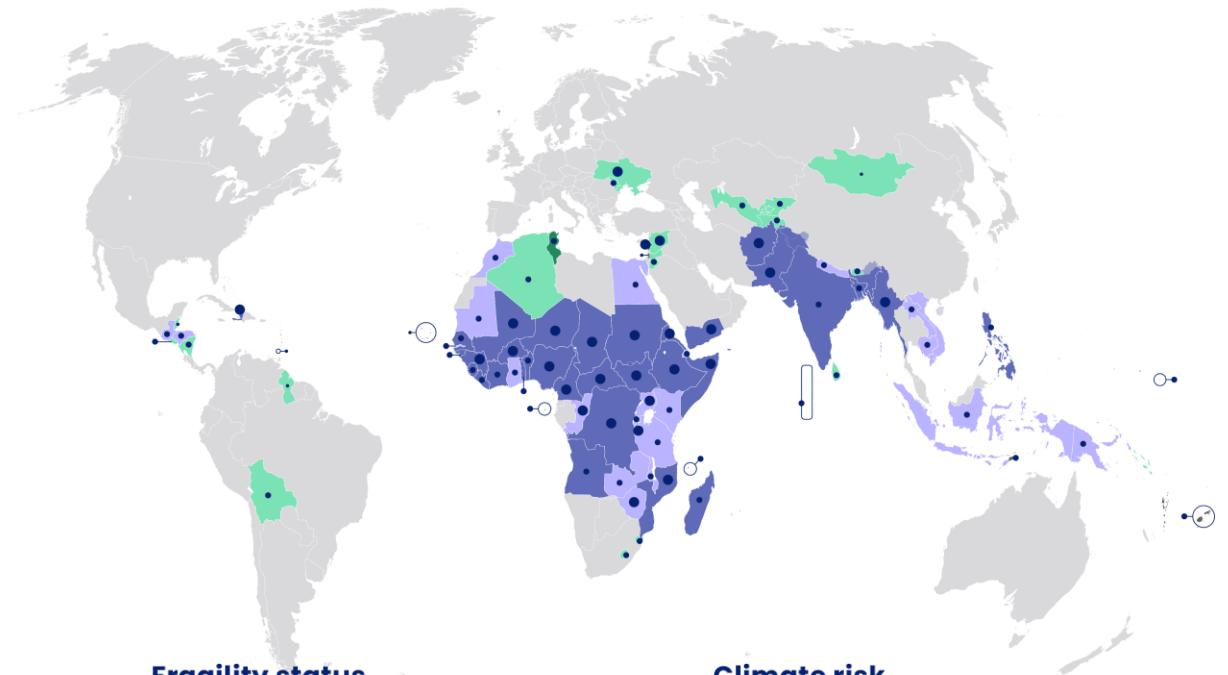

A Case for Investment

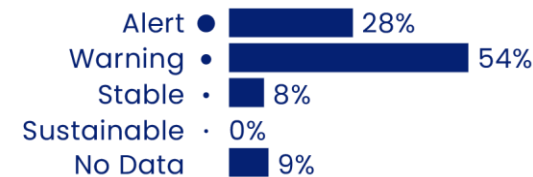

WHAT IS THE GLOBAL PARTNERSHIP FOR EDUCATION?

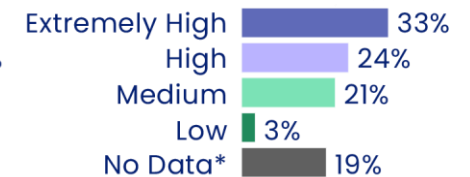

- GPE is the world's only partnership and fund entirely dedicated to education in lower-income countries.
- GPE currently supports 91 partner countries.
- We leverage global and national resources to transform education and reach the most vulnerable children.

OUR VISION AND MISSION

VISION

A quality education
for every child

MISSION

To mobilize partnerships and investments
that transform education systems
in developing countries, leaving no one behind

THE VALUE OF GPE

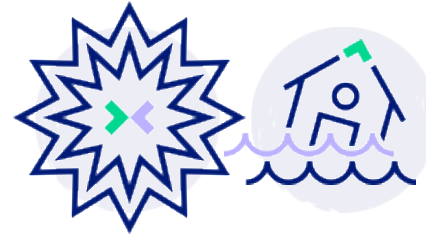

DOING THE RIGHT THING

We work to transform education systems so that every girl and boy can get 12 years of quality education plus one year of preschool.

IN THE RIGHT PLACES

We channel most of our support to the lowest-income and crisis-affected countries.

AT THE RIGHT TIME

We help keep education systems running through conflict, disasters and health emergencies.

AT SCALE

We use our funds as catalytic capital to leverage billions of additional dollars in domestic and international financing for education.

GPE: DRIVING TRANSFORMATION AT SCALE

GPEs proven approach is:

Today's urgent education challenges require a coordinated global response for lasting, systemwide change.

GPE is built to deliver that response.

FLEXIBLE FUNDING OPTIONS TO ADAPT TO COUNTRIES' CONTEXT

SYSTEM CAPACITY GRANT

To strengthen planning and policy development, improve data and diagnostics, enable coordination and boost government capacity to learn and adapt.

PROGRAM DEVELOPMENT GRANT

To finance the design of an education initiative central to the government's priority education reform.

SYSTEM TRANSFORMATION GRANT

To support a priority reform that will catalyze far-reaching change across the education system.

GIRLS' EDUCATION ACCELERATOR

To complement the system transformation grant to bolster initiatives to get girls learning.

MULTIPLIER GRANTS

To mobilize additional financing in support of education reforms (\$1 from GPE for every \$3 from external public sources, or \$1 from GPE for \$1 from private sector and philanthropic investments.)

TAKING INNOVATIVE FINANCING FURTHER

Partner countries need to shift from short-term, fragmented aid to long-term, sustainable investments anchored in domestic resources.

- Since 2018, GPE has mobilized **\$4.7B** in cofinancing through instruments like the **Multiplier, Debt2Ed, GPE Match, Girls' Education Accelerator**, and **SmartEd**.
- Backed by **70+ partners**, including development banks, donors, and private/philanthropic actors.
- GPE 2030 aims to **scale our leverage to 1:5** and pilot new tools like **impact bonds** and **guarantees** to expand investment in education.

EXPANDING PRIVATE SECTOR AND FOUNDATIONS ENGAGEMENT

- **\$200M+ mobilized** (2021–2025) through partnerships with 40+ private and philanthropic actors, including co-financing via the GPE Match and Multiplier.
- Foundations took on **new leadership roles**, including as grant agents and coordinators in local education groups.
- The new **Foundation for GPE in Geneva** expands collaboration with non-sovereign funders, supporting education, workforce readiness, and sustainable growth.

UKRAINE: INVESTING IN EDUCATION TO RESTORE HOPE

The conflict in Ukraine has disrupted learning for over 5 million children.

With GPE and partner support, a program trained 7,400+ teachers and reached 38,000 students with learning and psychosocial support.

Backed by \$25.5M from Google, Microsoft, and UNESCO, the initiative is expanding nationwide with 61,000+ teachers enrolled in online training and 39 new digital learning centers for displaced children.

FINLAND AND GPE:

- Partners since 2013
- Contributed Euro 25 million for 2021-2025 replenishment
- Total contributions to GPE US\$39,249,269
- Coordinating agency in Ukraine
- Finland is part of the donor board constituency 4 represented by Norway and UAE and with Ireland as another member
- Finland is a member of the Global Reference Group on Technology for Education (Tech4Ed) founded by GPE
